Argentina / Portugal	2	Belgium	1	Spain / France	1
Netherlands	2	Germany / United Kingdom	1	Germany / France / Norway / Paraguay / Uruguay	1
TOTAL					155

Methodology:

Feature films that met the following criteria were considered international co-productions:

1. Brazilian feature films released commercially in cinema screens in Brazil;
2. Brazilian Product Certificate (CPB) issued by ANCINE;
3. Foreign co-producer information declared in CPB.

Brazilian feature film projects that have reported as foreign co-producer companies those that allocated resources through the mechanisms of tax incentives established by Brazilian Law were not considered international co-productions.
